

CRBC Classes

Cliff Fox and Dan Goodyear taught for three days before the graduation.

I taught for three days after graduation to the first year students on "Fundamentals of Christianity".

Victoria is shown here milking a coconut for my lunch; also, fried plantains, chicken and yams. A personal favorite was the fresh fish that was caught in a nearby river. Other staples here are monkey and crocodile. Joseph said the monkey is quite good, although crocodile does sound better.

Tailoring Department

These very talented young tailors are responsible for their own uniforms, the graduates' caps, gowns and sashes, and for the traditional garb that was supplied as gifts to Dan and Joyce Goodyear, and my wife Laura (*above*) and me.

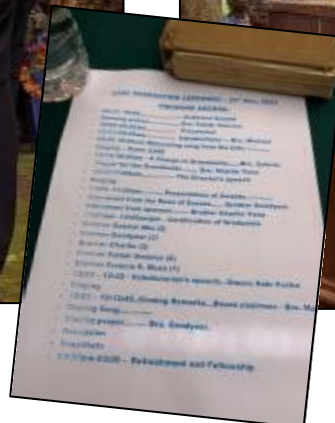

2023 Graduate and Valedictorian, brother Omaru Sahr Focko heads the tailoring department.

Christian Research Bible College- 2023 Graduation

With the graduates seated in front and first year students behind them the ceremony began. I was privileged to award Francis Nyuma his diploma. He and his father graduated together. Omaru Sahr Focko gave the Valedictorian speech after Joseph gave the Director's discourse. Dan Goodyear, Dean of Sunset International Bible Institute, spoke and I gave the Commencement Speech.

Gifts were given to the graduates. This was a local event where all of the community, near and far, came out to support it. There were 1,144 in attendance. Lots of pictures were taken while onlookers watched, many even wanting to get in on the photo shoot.
